Highlights of the Sailors’ Path

1 Snape Maltings rises above its surroundings like a great ship. Local businessman Newson Garrett built the Maltings in stages from 1846. The railway arrived in 1859 ensuring that the Maltings remained a viable business until it closed in 1965.

The Aldeburgh Music Festival was established in 1948. In 1967 The Maltings was converted into a concert hall. Snape Maltings has since become an internationally famous venue for music and the performing arts.

As well as the concert hall, the Maltings offers shops, places to eat and boat trips along the River Alde.

2 The River Alde has one of the most beautiful estuaries on the east coast. The river flows through wide marshes and low hills under a huge Suffolk sky. In the past, barges transported goods to and from Snape Maltings. The barges moored at Snape today are used for pleasure trips.

3 Snape Marshes are managed by Suffolk Wildlife Trust. They are a vital wildlife habitat, combining marsh, reedbed and wet woodland. The freshwater dykes are home to otter and many kinds of insects and plants. The marshes are grazed by cattle to create the right conditions for wildlife.

4 Snape Warren Nature Reserve is an area of heathland, grassland and scrub is managed by the RSPB. It provides a habitat for many birds, including nightjar, woodlark and yellowhammer. The higher parts of the Reserve give panoramic views across the Alde estuary.

The coastal town of Aldeburgh is a popular place for holidays. In medieval times, the town had a successful shipbuilding industry. Fishing has also played an important role in the town’s economy. Aldeburgh still has a small fishing fleet and fresh fish can be bought from huts on the beach.

One of Aldeburgh’s distinctive buildings is the timber framed Moot Hall. The Hall dates from the 1500s and was built as a market place and meeting room. Aldeburgh has attracted writers, artists and musicians. Writers Wilkie Collins and Edward FitzGerald knew the town well. Aldeburgh Festival founders Benjamin Britten and Peter Pears lived in the Red House. Another resident was the poet George Crabbe, born in 1754. His poem, ‘The Borough’, was inspired by the town and its fishermen. It became the basis for Benjamin Britten’s opera ‘Peter Grimes’.
